Our next meeting will be:

**Thursday-August 23<sup>rd</sup>, 2007**

**Road Trip**

Our monthly meetings are at 7:00 PM on the 2<sup>nd</sup> Thursday of the month (September through May) at the Gene Finneman's Paint shop in the Moorhead industrial park. From I-94, turn north into Moorhead at exit #2 (HWY 52). Proceed north to the industrial park. Take a left (west) on 20th Ave., then a right (north) on 26th Street. The address is 1802 26th St. South. It is the building just to the north of Southtowne Storage (on the East side of the road).

## Summer Program

### **Summer Shop Meeting**

Phil Holten called to suggest that we hold our August meeting jointly with the Lakes Region club - 4th Thursday - August 23<sup>rd</sup> at his new place. He's just now breaking ground on his new shop, but he thinks that by the 23<sup>rd</sup> he'll be ready to host us. He suggests we arrive around 5:00, eat at 6:00, and hold a joint meeting at 7:00. He has offered to provide BBQ's and chips and drinks, but we should bring potluck salads and desserts.

**We will carpool out - leave Gene's shop at 3:30 (but you know by the time we organize and head out it will be 3:45!)**

### **Directions to Phil Holtan's shop (See Attached Map)**

43497 Co Hwy 53 Perham, MN 56573 218-346-3860

If you come from Moorhead, drive almost 70 miles E on Hiway 10, past all three Perham exits and then about 3 miles further to the intersection with Big Pine Lake

Rd, (also called Co Hwy 53). It's just past a huge RR overpass. Wind N on 53 about 4 miles, past a group of small cabins on Big Pine Lake and through a 45 mph speed zone. Then continue till the road climbs and turns straight W. We are #43497, just where a sign says 45 mph zone ends. Turn left and continue straight up the hill as the driveway branches. Park on either side of the road in the grass.

(If you are coming from N, count down the 911 numbers on Co Hwy 53 and our place is right at the 45 mph speed limit sign.)

Phil will have burls and other wood to sell. If you have wood or tools or other turning stuff, please bring it to sell or share and I'll have a place to show it.

Phil says they are looking forward to you coming and they will have information to share about shops, really big turnings, and other turning stuff.

## Library Trees

Some of you may not yet know that Minn-Dak Woodturners has acquired the wood from several crabapple trees that surrounded the old Fargo Library, which was demolished this week. We have promised to transform some of the wood into objects of admiration for the Library to use as awards, auction items, and displays. The work of felling the trees and hauling the wood away has been completed. Now we need each and every one of you to take some of the wood and work your magic on it. The skill level of the turner is not important; we want everyone to submit something. Below are the locations where the wood is stored. Please make arrangements to pick some up and be ready to bring your projects to the September meeting if possible, although we will appreciate them whenever you're done. Thanks for your help.
